Hi, can you estimate when these four references will be available? EPA's SAB has asked for them and I'm not sure what to tell them since the PDFs are pending.

Ex. 5 Deliberative Process (DP)

Please let me know.

Thanks.

Kathleen

Hi Kathleen,

We've completed the 2 Add Reference request below and references can be viewed here:
<https://hero.epa.gov/index.cfm/search/results>

Any PDFs that were not automatically retrieved by HERO are on order and display a "Pending" status.

Thanks,
TeamHERO

Hi, could you add this paper to the **benzo[a]pyrene** HERO file and **tag it "considered"**? I would also like to retrieve the **PDF** for this study.

Maier H, Schemper M, Ortel B, Binder M, Tanew A, Hönigsmann H. Skin tumors in photochemotherapy for psoriasis: a single-center follow-up of 496 patients. *Dermatology*. 1996;193(3):185-91. PubMed PMID: 8944338.

[I would have submitted this to the HERO submission form online, but that page doesn't appear to work for any of my browsers.]

Thanks!

Kathleen

Hi, I would like to request these citations be entered into the benzo[a]pyrene HERO file and be **tagged as "considered"**.
I would also like to request the retrieval of the PDFs for these.

Please let you know if you have any questions. Sooner the better for these articles.
Thanks!

Kathleen
